OA SERVICE PROJECT AT CAMP

About twenty-five arrowmen turned out on a chilly November 18 to begin work on the first phase of the Lodge's 1962 service project to Canyon Camp.

The project is the erecting of permanent rainproof shelters in all of the campsites. These shelters will provide our campers for many years to come with a dry spot to gather on those rainy summer days.

The first phase was the cutting of poles to be used in building these shelters. Approximately 100 of these poles were cut and stored during our work day on Nov. 18.

Phase 2, the erecting of the shelters, will take place early in the Spring. We hope that all members will be able to attend this Spring work day. With a real good attendance we will be able to finish it up in one day. Exact date and time will be announced later.

Once again, sincerest thanks to all those who showed on November 18.

AREA 7-C REPORT

Wetassa Lodge showed up 75 strong for the Area 7-C Conference at Blackhawk's Camp Lowden on September 16 and 17.

The purpose of this conference was to let Arrowmen from different Lodges get together and talk shop. Various discussion groups were set up so that Arrowmen could ask help for their Lodge's problems and also give advice on something that a Lodge had work for them.

A business meeting was held and Area officers were elected. Wetassa Lodge put on a fine campfire Saturday night. We witnessed other Lodge's Ordeal and Brotherhood Ceremonies.

When all noses were counted, it was discovered that WETASSA had the largest delegation.

WAY TO GO, WETASSA!

HAVE YOU SEEN THE LODGE'S new neckerchief? We think that it compares in beauty and design with the best of them. Packets containing one neckerchief and one pocket flap patch will be on sale at the Winter Event, Jan. 28, for \$2.00 a packet. Plan to get 'em while we got 'em!

FROM THE CHIEF

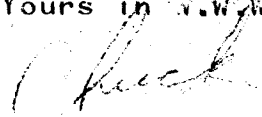

Brothers:

As the new year slides in, there will probably be quite a few resolutions made. You are, most likely, trying to decide what you can do to make 1962 a better year for yourself and those around you. The idea of cheerful service has been talked about so much that it is possible that many just take it for granted that you are fulfilling it. But, this is something that cannot be taken for granted. You must live it and feel it and act it.

Arrowmen are kind of special. They are an elite group chosen because they represent the high ideals of Scouting. We have an obligation to dedicate our lives to helping others and it is up to the individual to fulfill this promise. No doubt you have heard this challenge before as it has been expressed in many different ways. And, no doubt, you will hear it again. These ideals are the purpose behind the Order of the Arrow. We cannot be reminded enough of our duties in the Brotherhood.

After things have settled at your house and you finally have a chance to make out your list of resolutions, I would ask you to add just one more. Let's live and act and feel cheerful service and not just take it for granted.

Yours in S.W.W.,

Chuck Kranz

Lodge Chief
